

The do not call list has been a God send to many people. My mother lives in a retirement village and most of her neighbors are releaved that they signed up for that. They go to bed early, and now they do not have to be awakened by tele marketers. They also do not have to be subjected to the speil that they use or get hooked into a plan that they do not need. It is a relief to know that my mother is not being hassled, exploited or harranged by unvited calls. Please let the do not call list remain as it is. Thank you
